

CITY OF DALLAS

October 31, 2007

To whom it may concern:

Onycha Industries Corporation, a Texas Contractor had a project with the City of Dallas in November 2000 thru December 2000 inclusive, a "Reconstruction of Aircraft Ramp next to Taxiway "P" at Dallas Executive Airport". The project was the rehabilitation of the existing ramp and construction of additional aircraft ramp pavement. The project was finished on scheduled time and in compliance with the city construction standards. The total project cost was \$110,000.00. We recommend this company for future biddings.

Very truly yours,
